Mrs. Clarence Clardy, left, is from St. Louis, Mo., and the overseas

Job Camp Proposed For Shoshone Area

SHOSHONE, Feb. 19 — Marvin Pearson, assistant district manager, bureau of land management, said today that the site for a proposed job camp seven miles north of Shoshone on Big Wood river has been inspected and adjudged favorable. The site is the old civilian conservation corps camp. Pearson said that while the area has been proposed as a possible site for a job training camp, no concrete plans have been made to date. He said he had outlined at a recent civic club meeting what citizens of the Shoshone area might do in the way of providing projects for the trainees. Projects, he stated, would be primarily of an improvement nature with the big portion in the recreation field.

More Slides Threaten Mining Camp

STEWART, B.C., Feb. 19 (AP)—The threat of more slides grew today as 120 men—some hurt seriously—buddled in the ruins of a remote glacial valley mining camp waiting for help.

The fate of at least 20 companions remained hidden under the rubble of a giant avalanche that thundered down yesterday from the Granduc Mining company, almost wiping out the northern British Columbia copper mining camp on the edge of a glacier.

Sketchy reports from the scene indicate the miners were continuing to hunt for the missing men, but were hampered by darkness.

Woods weather—high winds, snow and rain—prevented rescuers from getting to the mountain-ringed campsite. Recent heavy rain brought fears of more slides before a way could be found to evacuate the camp.

Radio reports from the camp said 17 injured men were lying on a floor of an office building, some needing additional medical aid.

Some of the injured were pulled from a mass of mud, snow and ice that struck in mid-morning. Others were among 40 men rescued last yesterday from a tunnel being dug into copper reserves under Le Duc glacier, officials reported.

Canadian Lieut. Col. Walter H. Mathews confirmed today in nearby Prince Rupert, B.C., that he was rescued from the tunnel.

He said at least 20 men were trapped in the tunnel or somewhere under a mass of debris.

The men were rescued by fellow miners using shovels because their power tools were buried, he said. Mathews, who heads an expedition center at this Canadian port 150 miles south of the camp.

BATTLES FOR LIFE

HOLLYWOOD, Feb. 19 (AP)—An Academy award-winning actress is battling for life today in a UCLA medical center, where the underweight brain surgeon for a massive stroke.

Reports Say Communist China Is Massing Troops in Southeast Asia

By ANDREW TULLY
HONG KONG, Feb. 19 (AP)—Experts are pondering the possibility of persistent reports of massing communist Chinese troops along the Southeast Asian border.

Latest reports, from persons closely in Red China, say that troop concentrations extend from Nepal west to North Vietnam as many as "several divisions" are mentioned in the reports. China may be preparing to send "volunteers" into North Vietnam, they point out.

African Midwife Challenges Meet

The many problems faced by the developing nations were personalized in a speech by a young, vivacious midwife from Sierra Leone, West Africa, at the Twin Falls Methodist church Thursday night. Zainabu Kallon, overseas member of a World Understanding team whose appearance here was sponsored by the Woman's division of Christian Service of the church's board of missions, spoke in near-fluent English, but with heavy British accent. She held her audience in rapt attention with her account, sometimes whimsical, of the early-day exploitation of Africa by Westerners, with the resulting suspicion of white people and how the missionaries' message of love and dignity of the individual finally gained acceptance.

Spring-Like Skiing Eyed On Week-End

If present weather conditions continue, there will be plenty of new spring ski fashions on the slopes this week-end. Skiing at the five Magic Valley area ski resorts will again range from good to excellent, with the warm weather bringing added enjoyment to ski enthusiasts.

All main ski runs at Magic mountain are machine and ski packed and the outlying runs are powder-covered. Claude Jones, owner-operator of the area, said that although the weather was warm, there has been no melting at the area.

The road to the area is in excellent condition, but snow tires are advised.

This will be the last week-end of Magic's junior ski program, but a make-up class is planned for next Saturday. Buses run from Olson's sporting goods and Sun Valley stages to the area.

Although Sun Valley has received no new snow, skiing there will be good on Dollar and excellent on Baldy. The Sun Valley ski club will hold its championship races Saturday and Sunday.

Snow depth on Bald mountain is 90 inches and temperatures at the area are in the high 30's and low 40's.

Soldier mountain ski area reported excellent skiing Wednesday. Sten Frostenson, co-owner of the area, said Thursday evening that the weather at the area was very warm and skiers would have lots of good corn snow skiing over the week-end. See SKIING, Page 2, Column 8.

Major Roads Are In Fair Shape

BOISE, Feb. 19 (AP)—Two state highways remained closed in southern Idaho today because of deep snow but elsewhere in the state most major roads were in fair shape for travel.

State highway 21 from Idaho City to Lowman and state route 24 from Dietrich to Kimama still were closed, state police said.

Fourth of July canyon, Lookout and Lolo passes and McCall, Cascade and Horseshoe Bend all had icy spots.

Defense Head May Ask for Draft Change

WASHINGTON, Feb. 19 (AP)—Secretary of Defense Robert S. McNamara strongly hints he will recommend a change in draft policies when he reports to President Johnson on the problem in April.

McNamara, in a report to the house armed services committee on the nation's military strength, indicated that some modification will be necessary in the selective service system because of a growing surplus in draft-age men.

And that, he observed, compounds the difficulty of deciding fairly which young men will be called up and when.

McNamara began reading his lengthy statement on the defense posture at a closed meeting of the committee yesterday. He returns today and is not expected to be able to finish his testimony before Tuesday.

"But it all depends on how many questions" the committee members ask him, a committee source said.

In the censored and much shorter—it's still 207 pages—version made public yesterday, McNamara touched on practically every defense problem from jungle warfare and fallout shelters to manpower.

Contour Map of Moon Prepared

WASHINGTON, Feb. 19 (AP)—Scientists of the geological survey have prepared the first detailed contour map of a portion of the moon's surface, using a new technique they developed.

The interior department announced today.

The map was prepared from photographs taken last July by Ranger 7 spacecraft near its point of impact with the moon.

A survey spokesman said similar photographs may be obtained by Ranger 8 Saturday.

Idaho's Two Major Tax Plans to Be Voted on in House Early Next Week

BOISE, Feb. 19 (UPI)—Two major tax plans, a Farm Bureau proposal for a surtax on income and a three per cent retail sales and use tax, will be put to a vote in the house Tuesday and Wednesday. Chairman Arvil Millar, R., Bingham, of the house revenue and taxation committee, announced the timetable to newsmen today when he reported the Farm Bureau plan for second reading without recommendation. He said he will report out the sales tax package Saturday, also without recommendation.

Saigon Seized, Coup Is Aimed at Buddhist Leader

SAIGON, Feb. 19 (UPI)—Rebel troops and marines led by Roman Catholic officers seized control of Saigon today in a coup aimed at toppling Buddhist Lieut. Gen. Nguyen Khanh, the South Vietnamese strongman. Khanh immediately called on loyal troops to launch a counter-coup. The political convulsion—Saigon's seventh since the overthrow of President Ngo Dinh Diem 16 months ago—had strong religious overtones and raised the possibility of hostilities between Buddhists and Catholics.

Negroes to Protest Bloody Violence

MARION, Ala., Feb. 19 (AP)—Scores of Negroes streamed into church today for a clapping, foot-stomping rally they said would be a prelude to a major demonstration against the bloody violence here several hours earlier. One Negro was shot last night and eight other persons, including three newsmen, beaten in a blood-spilling flareup of racial violence. At midday, the church rally was going strong. Newsmen gathered in the street outside could hear the clapping and stomping. Negro leaders said a march downtown would follow.

Policemen on Horses Used To End Riot

NEW YORK, Feb. 19 (AP)—For the second straight day, a mob of Negro teen-agers ran wild on downtown Brooklyn streets, throwing bricks at policemen, smashing store windows in an outgrowth of a school boycott.

Police, who used 100 officers, including mounted patrolmen, to quell yesterday's disorder, arrested 22 persons. Seventeen of them were between the ages of 13 and 18, picked up on disorderly conduct charges.

Five adults, including a minister, were arrested for violating the state education law by promoting school truancy.

Eighteen were arrested Wednesday on similar charges as 400 Negroes clashed with 100 white students from St. John's university, next to the board of education building.

The latest rioting, which lasted for one hour at its height and stretched for four hours in sporadic outbreaks, was triggered when police apprehended a 14-year-old boy on a picket line because he was carrying what appeared to be a gun. It was a plastic water pistol.

The Rev. Milton A. Galamison, the Negro boycott leader, charged police with brutality.

"Down South they have used dogs against us. Here they are using police on horseback and this is worse than using dogs."

Barn, Calf Lost in Fire At Shoshone

SHOSHONE, Feb. 19—Damage estimated at several thousand dollars resulted from an early morning fire Friday on the Quayle Nebeker farm, four miles north and five and one-half miles west of Shoshone.

A barn, milker and cooler were destroyed and a young calf, the only animal in the barn, was killed. About 40 bales of hay also were destroyed, Nebeker said.

Cause of the blaze, which started about a.m., has not been determined. The North Shoshone rural fire department was called and volunteers were assisted by the Shoshone city fire truck. Several neighbors, hearing the sirens, assisted in keeping the fire from spreading to nearby hay stacks and other buildings.

The loss is partially covered by insurance, Nebeker said. He was awakened by the light from the fire shining in his bedroom window.

Rupert Man Burned in Freak Mishap

RUPERT, Feb. 19—A Rupert man is reported in fair condition at Minidoka Memorial hospital after receiving severe burns on his hands in a freak electrical accident at the Motor Rewind shop this morning.

Howard Miller, 76, was testing pumps at the shop about 9 a.m. when a transformer started to fall. He grabbed it to prevent the transformer from falling and came in contact with some "hot" wires, according to sheriff's officers who investigated.

He was knocked unconscious and taken to the hospital by ambulance. Miller is employed as an electrical engineer at the motor shop. Officers said 440 volts went through his body.

EXPRESSES REGRET

WASHINGTON, Feb. 19 (AP)—Hungary has expressed regret for last Saturday's student break-in at the U.S. legation in Budapest.

Nuclear War Data Listed By McNamara

WASHINGTON, Feb. 19 (AP)—About 80 million Americans would die in an all-out nuclear attack on the United States even if 25 billion dollars should be spent in the next five years on fallout shelters and anti-missile missiles, Defense Secretary Robert S. McNamara said yesterday.

Without any shelters or anti-missile weapons, the toll would be about 150 million dead, he said.

No such safety program is in the works, McNamara said—the enormous retaliatory power of the United States being the only real defense.

McNamara, in his annual defense report to the house armed services committee, listed in cold statistics what the United States could expect to suffer in a major atomic attack and what damage it could expect to inflict after first absorbing a tremendous blow.

If nothing is spent on shelter construction and anti-missile weapons, 149 million dead.

If five billion dollars is spent, 120 million dead.

If 15 billion dollars is spent, 98 million dead.

If 25 billion dollars is spent, 78 million dead.

Legislature Activity

BOISE, Feb. 19 (AP)—The house restored to its third reading a bill to kill the 1965-66 school year, then sent one back to committee and placed the other on an order of business permitting amendment. The first measure, killed, 32-38, set up new regulations concerning the share of teacher's social security taxes to be paid by school districts. The other would allow teachers to accumulate 90 days sick leave instead of 32 days and transfer 18 days when accepting a job in a school district located in another county. Opponents of the bill contended it would be "disruptive" and would encourage teachers to transfer from one district to another.

BOISE, Feb. 19 (AP)—The senate wiped from Idaho's lawbooks yesterday a section of law prohibiting the governor from succeeding himself. Sen. James McClure, R., Payette, said a constitutional amendment permitting the governor to succeed himself was approved a number of years ago. The statute, however, was never repealed, McClure said the bill "really doesn't change anything" but makes the law conform to the constitution. The vote was 41-0 and the bill now goes to the house.

BOISE, Feb. 19 (AP)—A measure designed to streamline the operations of the public utilities commission was passed by the house today and sent to the senate. Under the measure, the commission would be authorized to hire an examiner to handle routine hearings that now must be attended by one of the three commissioners. Rep. Robert Huntley, D., Bannock, the floor manager, said the PUC had requested the legislation and that it would free commission members to handle more important business. He emphasized that the hearing officer would only officiate at hearings and that final decisions would be made by the commissioners.

BOISE, Feb. 19 (AP)—A bill requiring fingerprinting of drivers to aid investigation in cases such as the murder of a Blackfoot girl was approved in the senate yesterday by a 28-5 vote. Sen. James Ellsworth, R., Lemhi, said he understood the murder of Susan Hansen last fall could have been solved in a week if police had access to fingerprints of all drivers. He said there were abundant fingerprints of the girl's car, near where her body was pulled from a river, which he believed could have led investigators quickly to the killer. But the bill was termed a "police state" measure by Sen. Joseph L. Auslich, D., Custer, who said the bill aids "legalized spying" on citizens' private lives.

BOISE, Feb. 19 (AP)—In an unexpected display of non-partisan harmony the house passed unanimously yesterday an administration-backed bill calling for creation of a professionally staffed parks department. There had been speculation Democrats would oppose the measure, a major item on Gov. Robert E. Smylie's legislative program, but no partisan debate developed. Rep. Herman McDevitt, D., Bannock, explained that his party's major objection to the bill had been eliminated when it was amended to "assure nonpartisan administration of the department." He explained that, as originally drafted, the bill provided for a six-member board, divided equally between Republicans and Democrats appointed by the governor with three members considered a majority and a quorum.

BOISE, Feb. 19 (AP)—A bill authorizing creation of hospital districts to plan and finance hospital facilities was passed by the house yesterday and sent to the senate. Sen. William J. Murphy, R., Shoshone, said enactment of the bill would enable residents of the Wallace area to form a district and go ahead with plans for a new community hospital. A similar measure, introduced by Murphy and other members of the Shoshone county delegation, was vetoed by Gov. Robert E. Smylie after it was found the act would be ineffective.

BOISE, Feb. 19 (AP)—A bill which would authorize issuance of catering permits to liquor-by-the-drink licensees was approved by the house yesterday. Rep. Fred Koch, R., Ada, explained the measure would allow liquor to be served "legally" at parties and conventions held off licensed premises. He said this would give law enforcement authorities greater control over such affairs. Rep. Carl R. Burr, R., Ada, who consistently has opposed bills dealing with liquor, explained his affirmative vote by saying the measure would be an aid in liquor law enforcement.

BOISE, Feb. 19 (AP)—The senate approved today a bill requiring licensing of automobile dealers and salesmen. The vote was 33-7 and the measure now goes to the house. Sen. Herbert K. Whitworth, R., Caribou, and Sen. Cy Chase, D., Benewah, both automobile dealers, said the measure would provide protection for the public from "fly-by-night" dealers. But Sen. William Roden, R., Ada, and Sen. George Billek, D., Twin Falls, said it would add to the regulations of various business enterprises. "We are," said Billek, "continually building a fence around some profession or business. I think we are making a sad mistake by moving in this direction."

BOISE, Feb. 19 (AP)—A bill revising laws covering operation of school buses was defeated in the senate yesterday but notice of possible reconsideration kept the measure alive. The vote was 18-22. Sen. R. H. Young, R., Canyon, said he might move for reconsideration. He said he believed there was merit in portions of the bill but felt it went too far in some areas. The measure was intended to clarify laws which require motorists to stop when overtaking or approaching a school bus halted to receive or discharge passengers. It would require such stops only if an alighting passenger had to cross the highway. It also would require the bus driver to signal when it was safe for a child to cross the highway. Sen. Herbert Whitworth, R., Caribou, sponsor of the bill on the senate floor, said the measure specified that a motorist was required to stop only if a semaphore signal was displayed by the bus. Use by the bus of flashing lights alone would not require stopping, he said.

BOISE, Feb. 19 (AP)—The Idaho house passed, 50-24, yesterday a bill authorizing establishment of community health centers in areas with a population of over 50,000. It also approved a companion measure revising the hospital survey and construction act to enable the centers to accept federal funds under the federal community mental health centers construction program. That bill would also qualify institutions in Idaho for 1965-66 matching funds for hospital construction and for funds available under the federal mental retardation facilities act. Idaho has received more than 10.5 million dollars in 1964-65 federal funds but no longer eligible because of a change in the federal statute. Rep. John Edwards, R., Adams, said the new bill would provide for three advisory boards as required in the federal acts. The community health centers bill provides that any combination of cities or counties with populations in excess of 50,000 would be able to set up mental health centers.

News of Record

MINIDOKA COUNTY

Justice Court

James Cody, 40, Rupert, \$5, no driver's license, 40, Rupert, \$5, expired driver's license. Delphia E. Ling, 33, Rupert, \$5, expired driver's license. Explorer Is Buried by Tons of Rock

DOLOVEVILLE, New York, Feb. 19 (AP)—An underground cave-in last night buried "forever" the body of young cave explorer James Mitchell, who died when he became wedged in a crevice last Saturday.

Hundreds of tons of rock and dirt weakened by attempts to drill a shaft into the cavern fell into the narrow shaft—140 feet under the Adirondack foothills. Two expert cave explorers barely escaped when the "Shroeder's Pants" cave collapsed, entombing the 23-year-old chemist from Windthrop, Mass.

William K. V. 28, head of a grotto rescue team from Washington, said the experts working on the drilling team had felt assured of success. Young Mitchell, who entered the cave with two other young spelunkers, became wedged in an 18-inch crevice under a frigid waterfall last Saturday. All attempts to get him out in the following hours failed. He was presumed dead, on the basis of stethoscope tests over the week-end.

The drilling operations had been started in an effort to bring bodies to the surface. Karras said the rescue shaft through limestone had been placed a mere eight feet from the body. Pulleys were in place. Karras said further drilling weakened the hole structure and Mitchell was buried under hundreds of tons of rock and dirt "forever."

Rotary Club Has Talk About BLM

SHOSHONE, Feb. 19 (AP)—A program on bureau of land management policies was given to members of the Rotary club at their Wednesday noon meeting. Marvin Pearson, the speaker, also told of proposal to set up one of the job camps in the Shoshone valley. Decision on this, however, will not be made before July 1. The camp would handle 100 to 200 boys. Guests were Robby Robertson, Gooding; Mont Johnson, Richfield; Robert James, Twin Falls; Harold Harris, Aberdeen, and high school students Ernie Vinson and Charles Williams.

The birthday song was sung for Larry Hansen and a wedding anniversary acknowledgment was sung for Mr. and Mrs. Pearson. Their contributions were made to the birthday-glass fund. Announcement was made that E. I. Shaw was one of the recipients of the PTA life membership this year.

Measles

PONTANA, Calif., Feb. 19 (AP)—"I have the measles, your honor," defendant Walter A. Traumer, 33, Pontana, announced yesterday in justice court after a jury had been impaneled. Judge M. E. Millemann hastily dismissed the panel and ordered the court removed to a parking lot where the defendant—from a distance—changed his plea to guilty on a charge of battery. Traumer was fined \$110 and given a suspended 30-day sentence.

Wendell Girl Is ISU Snow Queen

POCATELLO, Feb. 19 (AP)—Ginger Durfee, 21, Wendell, a pretty blonde senior in speech pathology, is Idaho State university's snow queen for 1965.

Durfee, daughter of Mr. and Mrs. Dale Durfee, Wendell, was crowned Wednesday night at an informal coffee dance and will reign this week-end over a host of activities at Skyline ski area and the school.

She was a candidate of Tau Kappa Epsilon fraternity. The annual winter carnival will include a snow sculpture contest and ski races. The carnival will end Saturday night with a dance.

FATHER DIES

RICHFIELD, Feb. 19—Edward Appel and Ray Appel received word of the death of their father, Peter Appel, 83, at Walla Walla, Wash., last Wednesday. Final rites were held on Friday. Other survivors include one daughter and three other sons.

News Around Idaho

POCATELLO, Feb. 19 (AP)—Measles cases reported in January soared to 112 in Bannock, Blingham, Pomeroy, Butte and Caribou counties, the southeastern district health department reports. This compares to 18 cases reported in December and 14 in January, 1964.

POCATELLO, Feb. 19 (AP)—The First Methodist church of Pocatello far exceeded its goal of \$100,000 in a drive to raise funds for the construction of a new sanctuary. Pledges and cash gifts totaling more than \$111,500 were reported today by the Rev. V. Leon Bolen, pastor of the church. Work on the modernistic \$225,000 sanctuary will begin early this spring and first services in the new church are expected in October.

POCATELLO, Feb. 19 (AP)—Murder charges against Alan Richard Tindore, 33, Fort Hall, for the shooting death of his nephew were reduced yesterday in justice court here from first to second degree. Tindore was bound over to 114th district court and released on \$3,000 bond. He was first held on charges of first degree murder without bond. In a preliminary hearing Monday, defense Attorney Richard Black asked for dismissal of the first degree charges on grounds there was no malice on the part of the defendant.

BOISE, Feb. 19 (AP)—Appointment of Edward J. Brannan as construction engineer for the Spokane Valley project in Washington state was announced today by Harold T. Nelson, regional director of the federal bureau of reclamation. Brannan succeeds William J. Attridge, who retired Jan. 31. Brannan has been serving as chief of the field engineering division of the Spokane Valley project.

BOISE, Feb. 19 (AP)—The Marsh Valley Cattle association for promotion of the sport-racing of horse-drawn sleighs on snow, has been incorporated in Downey. Articles of incorporation were filed yesterday in the office of secretary of state Arnold Williams. Incorporators are Ray Henderson, Tom Blohm, Oren Morrison, Lowell Leek and Ralph Davis.

IDAHO FALLS, Feb. 19 (AP)—The Ririe dam project can be started in the spring of 1967, the new regional executive of the army corps of engineers said yesterday. Brig. Gen. Peter C. Hysler, Portland, Ore., said the project could begin if funds were appropriated by congress. He spoke in Idaho Falls on his first inspection of the Snake river basin area after assuming office. Accompanying him was a delegation of corps officers. On Gen. Hysler's two-day trip, he met with members of the flood control district, Idaho Falls Mayor S. Eddie Pedersen and irrigation and Chamber of Commerce leaders. Congress has authorized the project and appropriated about \$300,000 for pre-construction and design studies.

POCATELLO, Feb. 19 (AP)—Charges of assault with a deadly weapon have been filed against Leonor Salinas, 42, route one, following a knife fight early Sunday at a dance hall at 128 North Main. The complaint was signed by Refugio A. Guerra, 37, 322 South Third, who suffered a 10-inch cut on his left side in the altercation. Salinas appeared before Justice of the Peace R. Don Blatline Wednesday and waived his right to a preliminary hearing. Bond was set at \$1,000. Several persons were involved in the fight. Salinas and one other person also were cut. Police said the fray stemmed from an argument between Guerra and Leonardo Salinas, 17, son of Leonor Salinas.

GRANGEVILLE, Feb. 19 (AP)—Three families, including 12 children, escaped unhurt last night when fire destroyed a one-story frame apartment house about three miles east of here. The fire occurred one month to the day of the fire at the Grangeville elementary school. Arson is suspected in the school fire which destroyed the school with damage estimated at \$600,000. A fourth apartment unit in the building was vacant. Cause of the apartment house fire wasn't known. The 50-year-old building once was the Idaho Poor Farm.

Legislative Log

Introduced in Senate SB192 (Education)—Eliminating reference to handicapped children in laws dealing with their education and training and referring to them instead as exceptional children.

SB193 (Local government affairs)—Authorizing chief inspector or deputy inspector of state plumbing board to make plumbing inspections in municipalities.

SB194 (Local government affairs)—Permitting regularly employed personnel of subdivisions of the state to provide professional engineering services if public health or safety is not involved.

SB195 (Local government affairs)—Giving state land board authority to trade state lands for lands of equal value.

SHIPS TO NORTH WASHINGTON, Feb. 19 (AP)—Rep. Paul Rogers, D., Fla., says that 201 free world ships carried cargoes to North Viet Nam during the last six months of 1964.

Progress of Packing Firm Is Revised

GOODING, Feb. 19 (AP)—Don Stroud, manager of the Stockmen's Meat Packing corporation, was guest speaker at the regular noon meeting of the Chamber of Commerce on Tuesday.

Stroud told of the progress of the plant, and also expressed some of the problems arising from the influx of people into the area, especially concerning business and housing.

It was announced earlier in the day at the Merchants' Bureau meeting that business and professional leaders of the community would be called for a meeting to consider the problems confronting the community with the opening of the two plants in the area.

The Chamber of Commerce was advised that the Old Time Fiddlers plan to hold their 1966 annual meeting in Gooding.

Several bills pending in the legislature were discussed, including the sales tax, and pay raises for supreme and district court judges, the industrial accident board, PUC commission and legislators. The group discussed these and voted to oppose this bill.

It was felt by the majority present that if it were necessary to enact a sales tax to meet the demands for money from all sources, it would be a poor time to raise salaries.

A letter was received from the Associated Taxpayers of Idaho calling attention to two bills, HJR 8, proposing a constitutional amendment, that a majority of qualified electors may vote an indebtedness, instead of the two-thirds majority now required.

The other bill, HR102, provides that county commissioners of a library district must call an election to vote on bonds or other indebtedness for the library district by a simple majority of electors of the district and allow tax levies made to be a lien on property within the district and require the library district to make the necessary levy. These proposals were discussed, but no action was taken.

Speaker Set

SHOSHONE, Feb. 19—The Rev. Henry Bernhardt, associate pastor of the Twin Falls Methodist church, will be the guest speaker at the Shoshone Methodist church at 11 a.m. Sunday, according to Jack Dunn, lay leader.

Supper Slated

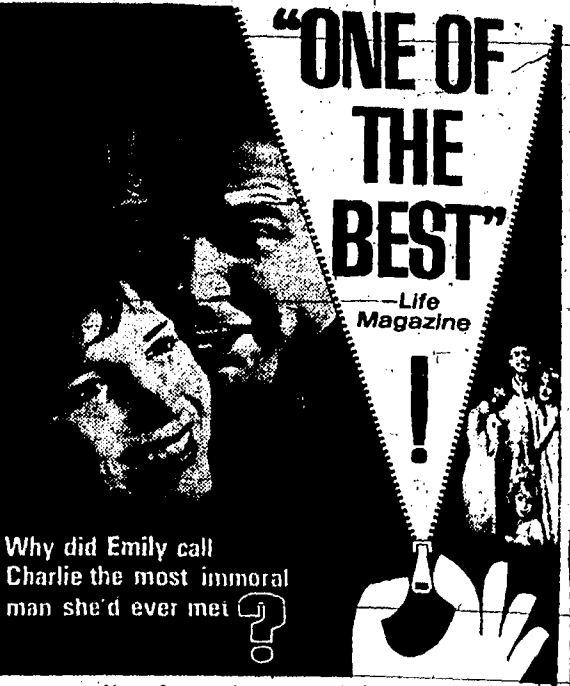

KIMBERLY, Feb. 19—Annual PTA fund-raising pancake supper will be held in the grade school cafeteria from 5 to 8 p.m. Saturday.

Tickets are being sold by fifth and sixth grade students or may be purchased at the door. The menu includes pancakes, ham, eggs and a beverage.

IDAHO 128 WOODBINE - 723-0111

Official Visit Made to Area Rebekah Lodge

WENDELL, Feb. 19 — Mrs. Harry Dedrick, Gooding, district deputy president, made her official visit to Idaho Rebekah lodge at the IOOF lodge hall.

Mrs. Dedrick was introduced and welcomed by Mrs. E. E. Parr, noble grand. She was presented a gift from the lodge by Mrs. Raymond Lancaster.

Reports on the PEO dinner served and the card party were given by Mrs. Lancaster. A gift card was signed by the members to be sent to Carolyn Hancock, assembly secretary.

Reported ill were Mrs. Beattie Benson, Mrs. Glen Bright, Mrs. B. M. Atkinson and Mrs. Nels Christiansen.

Twenty sick calls were reported by the members.

Invitations were read from the Intermountain Gas company to attend open house Saturday and Sunday in Boise at 555 Cole road. District meeting is set for March 6 in Gooding.

Dinner will be catered for the West Point club Feb. 26 at the lodge hall. Dinner committee members are Mrs. Walter Stockham, Mrs. A. F. Brown, Mrs. J. C. Kendrick, Mrs. Arthur Eysa and Mrs. Elmer Jordan. Decorating committee members are Mrs. Robert Simerly, Mrs. Sam Bunnigan and Mrs. Laurence Hashman.

Yearbooks were distributed by the noble grand.

Refreshments were served by Mrs. Francis Goble, Mrs. Fred McCloud and Mrs. D. Bowman.

Mrs. F. Whorton, Hagerman, 4th district president of the American Legion auxiliary, made her official visit to the Wendell unit meeting at the American Legion hall.

Mrs. Merle Owsley, Hagerman, was a visitor.

Mrs. Frank Smith, president, conducted the business meeting and appointed Mrs. J. A. Smith to be in charge of the dinner to be served for the Insurance association.

Mrs. A. F. Brown and Mrs. J. A. Smith will serve the unit on the rehabilitation committee. They asked for a contribution for their project, which will be to assist in financing the purchase of bed spreads for the new home for the old soldiers, which will soon be ready for occupancy.

A contribution was made for the project of the state president, Mrs. Leone McCarty, Lewiston, to purchase literature for new officers.

Mrs. Lena Strickland and Mrs. Margaretta Broughton gave the Americanism report. Two delegates to Girls' state and two alternates will be selected at the next meeting of the unit.

In her address to the unit, Mrs. Whorton spoke on membership and the issue of closing hospitals for veterans.

Refreshments were served by Mrs. Gwen Collett and Mrs. Agnes Higgsbotham.

MR. AND MRS. DOLPH P. MEYERS

60th Wedding Anniversary Is Observed

The 60th wedding anniversary of Mr. and Mrs. Dolph P. Meyers, 542 Third avenue north, was observed with a family gathering at the home of their youngest son, Billy Meyers, Jerome.

Breakfast was served for the family on Sunday with a Valentine motif used for decorations.

A family dinner was held the next day. The serving table was decorated with a wedding cake decorated with pink roses.

Mr. and Mrs. Meyers were married Feb. 16, 1905, at Gandy, Nebr. Meyers, a retired farmer, and his family came to Twin Falls in 1934. The couple's children were present for the event.

They include Mrs. Loretta McBride and Noral Meyers, Twin Falls; Billy Meyers, Jerome; Mrs. Bernice Adkins, Ridgefield, Wash.; Lowell Meyers, Kettle Falls, Wash.; Glen Meyers and Warren Meyers, Colville, Wash., and Floyd Meyers, Pocatello.

The couple has 25 grandchildren and 13 great-grandchildren.

Mrs. D. Louder, Hagerman, conducted the business meeting and appointed Mrs. J. A. Smith to be in charge of the dinner to be served for the Insurance association.

Mrs. A. F. Brown and Mrs. J. A. Smith will serve the unit on the rehabilitation committee. They asked for a contribution for their project, which will be to assist in financing the purchase of bed spreads for the new home for the old soldiers, which will soon be ready for occupancy.

Lemons For Beauty

To keep your skin clear and fair and your hair brilliant you need the natural cleansing and bleaching tonic of lemon. Ask your druggist for a bottle of lemon jelly, the latest lemon-type skin freshener that beautiful women are now using. Lemon jelly bleaches yellowness of the hands and neck, beautifies the complexion as it melts out plugged pores and closes them to a beautiful, fine texture. Lemon jelly is excellent for a quick cleanse or to quell a greasy nose. A little lemon jelly brushed on the hair after your shampoo will give it the glamour of sparkling diamonds. This is a luxury skin freshener and cleanser.

Along Fences and Canals

Mr. and Mrs. George Carlock are moving from the Clyde Cox ranch south of King Hill to the rental home of Mr. and Mrs. F. C. Anderson. Carlock will be employed at the Russ McMillan service station and garage.

Mr. and Mrs. Keith Rhodes and family, Carey are moving to Twin Falls to make their home.

Mr. and Mrs. Martin Woodward are having trouble with their domestic water well. Woodward, Ray Mitchell and Karl Carnahan are working on the well and hope to get it repaired soon.

Deep snow has kept Mannie Shaw from completing a new machine shed on his place south of Corral. He got the roof on before bad weather so has some protection for his combine and other machinery.

Mr. and Mrs. Leland Hoshaw, Tuttle, had a farm sale and are leaving this week for a vacation trip to Oregon and California. Mr. and Mrs. Bob Robinson, Tuttle, have bought the place the Hoshaws have been leasing from Mr. and Mrs. Leonard Condit who live at present in Alaska.

Mr. and Mrs. William Trill tried Sunday to reach their ranch at Hill City, but because of the heavy snow they were unable to get to the ranch. Mrs. Trill reports they are repairing fences at their Pasadena Valley ranch near King Hill.

Walter Tomjack, employe at the John Baptie ranch south of King Hill, was injured Sunday while handling a yearling ewe. He fell, wrenching his back. He was taken to Gooding for medical treatment and X-rays.

Mr. and Mrs. Cliff Boyd and family, Kimberly, moved this week to the Colner farm, southwest of Wendell, formerly occupied by Mr. and Mrs. Dallas Burch and family. Mr. and Mrs. Dallas Burch have moved to the Kelly farm east of Gooding and Mr. and Mrs. Robert Burch and family now occupy the Bailey farm in the Mountain View area, west of the city.

J. Frank Henry, Twin Falls, has informed members of the Frontier Riding club that plans are under study to see if special riding clinics could be held at the field this summer. Under discussion is a proposal to teach riders, mostly youngsters, how to ride. A second clinic would concern the keeping and caring of riding equipment and this would be conducted by Vickers saddlery.

Scouter by Joy was recently sold by Mr. and Mrs. Wayne Peterson, operators of Frontier field, Twin Falls.

Vern Oylar, Garland, Utah, had 33 head of Shetland ponies trucked to the Albert Smith ranch at Connor in the eastern end of the Elba valley. The ponies are part of Oylar's Pee Wee rodeo stock and will remain on the Smith ranch until the spring rodeo season begins. Trucking for Oylar were Nish and Odell Hutchison, Malta.

Arlie Lloyd, Elba rancher, has gone to Grouse Creek, Utah, where he is digging wells for ranchers.

Mr. and Mrs. Lafell Edwards, Carey, have sold their ranch to Mr. and Mrs. Milford Sweet and family, Arco.

Mr. and Mrs. Robert Kersey and family have left Carey to make their home in Martinez, Calif.

The LeRoy Parkers are building a 40 by 12-foot barn at their ranch northeast of Richfield, formerly owned by Cecil Helderman. Edwin Johnson is the carpenter. Warmer weather is needed to pour the cement floor.

Richfield farmers are enjoying the comparatively mild February weather feeding for their stock. They are able to use pickup trucks and trailers in their feedlots, where last winter many fed 13 weeks with teams and sleds, or wagons.

The Richard Gill family, Richfield, has moved to Burley where he is employed by Garnett Kidd on a cattle and sheep ranch. He had formerly been employed by Bev Flora at the Glen Ward ranch in Richfield.

Corn Prices To Increase, Says Agency

WASHINGTON, Feb. 19 (UPI)—The agriculture department predicted that corn prices will increase this spring and summer. It said the volume of corn placed under price support will be down to the lowest level in six years.

The forecast is based on the fact that 1964 crops of corn and other feed grains were held to a total of about 127 million tons, 20 million tons below the record 1953 crop.

Farmers harvested only 100 million acres of feed grains last year for the smallest total in 70 years. The acreage harvested was down seven million acres from 1963, largely because of an increase in activity under the government's feed grain diversion program.

Agriculture department economists predict today that total domestic and export use of feed grains in the current marketing season will be about 150 million tons.

SUPPLEMENTAL WATER from Snake river is explained by Leslie Jones, left, Salmon River Canal company board chairman, J. P. Smith, Rotary program chairman, and Ellis Fuller, right, canal company board member, take note of the figures posted indicating the gross dollar potential of the tract if stable water were available. (Times-News photo)

Salmon Tract Leaders Tell Rotarians Of Proposal to Utilize Snake River

Twin Falls Rotarians Wednesday noon heard Ellis Fuller and Leslie Jones explain the proposed supplemental irrigation program for the Salmon tract. The meeting, held at the American Legion hall, was the annual farmer's appreciation banquet.

The presentation was split between Jones, Salmon River Canal company board chairman, and Fuller, a member of the board. The two men told the Rotarians that it is almost impossible to conduct any type rotation program on the Salmon tract where irrigation conditions are unstable.

For example, a Salmon tract farmer would plant pasture and then it would burn up for a lack of water. Then, the following year the situation would be reversed.

Jones and Fuller told the Rotarians that a good year, irrigationwise, would result in roughly 35,000 acres being planted. This would result in over 3.5 million dollars gross for the tract. In 1961, a poor water year, the Salmon tract grossed roughly two million dollars and about 17,000 acres were planted.

Supplemental water from Snake river could result in an average gross of 4.5 million dollars. The two men said that this additional money, which would be spent mainly in Twin Falls, could be developed just four miles south of Twin Falls.

Some 35,000 acres of land would be irrigated under a supplemental system with other land near Murtaugh totaling an additional 9,000 acres. An estimated 9,000 acres would be irrigated from the existing water supply at Salmon reservoir.

With all acreages taken into consideration, it is possible that just under 100,000 acres would benefit and the original dream of the pioneers who settled the tract could become a reality.

Fuller told the group of some of the special problems the company is encountering, such as a need for reservoir space in upstream Snake river dams. He said that one of the bottlenecks at the present time is the delay in receiving the bureau of reclamation feasibility report. This report was due in February.

Another problem would be the cost involved in pumping and lifting the water.

The cost, under the current estimate, is 39 million dollars. However, both men said that support from local civil and service clubs is needed to promote and push the proposed program.

In return for support, the two men hinted there exists the possibility that an additional 3 to 4 million dollars would be available to spend in Twin Falls.

Program chairman for the meeting were J. P. Smith and Richard Irwin.

Twin Falls ASCS Office Hosts Magic Valley Meet

Carl Boyd, chairman Twin Falls county ASC committee, reports the county office manager and wheat feed grain clerks from eight Magic Valley counties met Monday in the Twin Falls office. The meeting was held to review recent changes and discuss methods of assisting farmers in participating in the wheat feed grain programs for 1965.

Harland Blackburn, farmer fieldman for the Magic Valley district, was chairman of the meeting. Phillip R. Bare, State ASC committee addressed the group on recent developments on farm programs and the emergency conservation program to repair damage to farm land caused by flood in some counties. Leading workshop sessions on wheat and feed grain programs and compliance operations were Ray Bigler and Tom Condie, Boise, state program specialist.

Main items of discussion were the substitution provision between wheat and feed grains, exemption for producers of malting barley and changes in the allowable percentage of different grains grown in mixtures.

It was noted that the sign-up for the 1965 wheat and feed grain programs is now in progress. Information on the program changes is available to farmers through local ASCS offices.

Boyd adds farmers have until March 26, to sign up under the wheat and feed grain programs or revise the applications they have already filed if they wish. Boyd adds to date 14 farms have filed under the feed grain program and 763 farms in the wheat stabilization program.

MORE WATER PER DOLLAR WITH REDA Submersible PUMPS

A 1/2 H.P. Reda pump operated on a 20/40 foot pressure system has a 40 foot pumping head using \$1.00 of electricity, normally provides Family of five — over 2 1/2 months of water

100 milk cows — over 3 1/2 days of water

SIMPLOT LIQUID FERTILIZERS

Produce Maximum Crop Response

You'll hear success stories everywhere from farmers who have used Simplot liquid fertilizers. Actual field results show greater crop response ... uniformity of field coverage and increased yields of high quality crops.

And there are good reasons for the fine results. The plant food is in 100% soluble form in Simplot liquid fertilizers, uniform in analysis throughout the application job. Liquids provide thorough, even coverage to get maximum yields from every square foot of field area.

Why not find out from your dealer if your crop and your land lends itself to the advantages of Simplot Liquid fertilizers, you'll be profit ahead to ask for Simplot by name.

J.R. Simplot Co.

MINERALS AND CHEMICAL DIVISION
POCATELLO, IDAHO

When a soil fumigant can raise sugar beet yields by as much as 16 tons an acre, you don't have to say much more.

Ours does. And we won't.

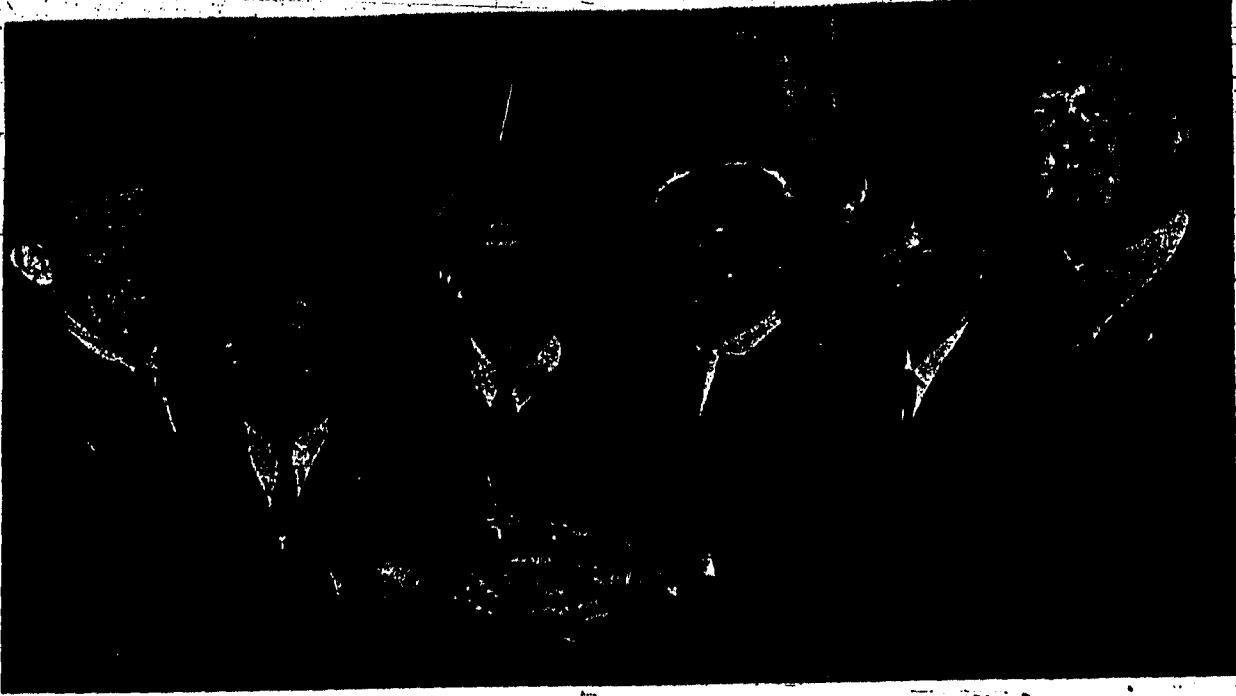

Except to mention that Telone® soil fumigant has proved itself in tests. Cleared sugar beet cyst and root-knot nematodes from highly-infested sugar beet fields where yields can dip to less than 10 tons an acre. Boosted crops to 26 tons an acre.

Telone soil fumigant really controls nematodes for you. And, one preplant application of this clean, clear-flowing formulation should do it.

Enough said? Your Dow Farm Chemicals supplier has Telone soil fumigant. Test it yourself.

The Dow Chemical Company, Agricultural & Industrial Bioproducts Sales, Midland, Michigan.

MEMBERS OF THE Shoshone FFA parliamentary procedure team grasp the trophy which they won Wednesday night. Team members are, from left, Art Mills, Terry Johnson, Gales Guthrie, Andy Payne, Steven Boesler, and George Trenkle. Trophy was provided by Theisen Motors, Twin Falls. Shoshone will now compete in the area contest. (Times-News photo)

Shoshone, Twin Falls Win Contests

SHOSHONE, Feb. 19 — Host school Shoshone and Twin Falls took top honors during the West Valley district Future Farmers of American public speaking and parliamentary procedure contest held here Wednesday evening.

The Shoshone high school FFA parliamentary procedure team won the contest and Fred House, Twin Falls, placed first in the public speaking contest.

The contests were the climax for the district which started the evening with a banquet at the the Manhattan cafe. The district banquet is an annual event which provides participating members an opportunity to visit with state and district officers.

State FFA secretary Kelly Jackson, Jerome, told the group that there are no losers in the contest. Jackson was the 1964 Idaho public speaking champion.

The parliamentary procedure contest was close with six teams participating. Less than five points separated first place from third place and the winners were decided by mere decimal points.

Each judge can score a maximum of 200 points. Judges were Neil Gross, Hazelton; George Carney, Hagerman; and Leo Wagner, Carey. Judges for public speaking contest were: Ed Walmaley, Buhl; F. Groves, Gooding; and H. Lamm, Jerome.

Second place in the public speaking contest went to Leon Pletstuck, Jerome, and Darwin Yoder, Piler, placed third.

Members of the winning Shoshone parliamentary procedure team included Art Mills, Terry Johnson, Andy Payne, Steven Boesler, George Trenkle and Gales Guthrie.

Twin Falls placed second in the parliamentary contest and Jerome took third.

Elvin Brown, representing Theisen Motors, Twin Falls, awarded trophies to the winners and runnersup. Theisen Motors has sponsored the trophies in the contest for the past three years.

Stafford Named Dairy President

Roger Stafford, Kimberly, was elected president of the Twin Falls County Dairy Herd Improvement association, at the association's annual meeting.

Dale Williams, Piler, was elected to a three-year term as director, and Warren Hart, Buhl, was re-elected as secretary-treasurer. Other directors are Calvin Graybeal, Castleford, and Jim Colburn, Buhl. Outgoing president is Blair Hall, Twin Falls.

Reports by testing supervisors, Jack McCormick, Buhl, and Virgil Worcester, Twin Falls, showed that 69 herds are on production-testing, with an average total milk production per cow of nearly 12,000 pounds.

George Cleveland, University of Idaho, extension dairyman, afternoon speaker, told the group of more than 40 dairymen and

wives that management is a major factor in determining profitability of the dairyman knowing or loss. Darl Tipple, Watkins, "what was in the bag," when Products district manager, Salt Lake City, stressed the importance of management.

Payments of Camas ASC Are Reported

FAIRFIELD, Feb. 19 — Net amount paid to Camas county farmers by the agricultural stabilization program for 1964 was \$396,667.94, according to the annual report of manager Russell H. Pate.

The largest amount, \$259,168.26 was paid in the wheat diversion program. There were 106 farms eligible to participate with 88 farms participating and 5,370 acres diverted from wheat. This made a reduction of surplus wheat and helped to maintain a fair price to producers.

There were 46 farms participating in the feed grain program with a total payment earned of \$390,501.73.

There were 25,572 acres planted to wheat in 1964 with a total allotment of 30,708 acres. The ASC office is responsible for measuring each field of wheat and each field diverted from wheat each year.

There was \$72,480.01 earned on the conservation reserve program with 30 whole farm contracts and three part farm contracts still active. Pate reports 6,839 acres were removed from production.

There were 59 farms participating in the agricultural conservation program. This includes establishing and improving vegetative cover of grasses and legumes, installing erosion control structures and other practices for the conservation and more efficient use of water. For the first time in five years there were funds unused in Camas county for this program.

Boyd Harrison is chairman of the Camas county ASC committee; William A. Skonon, vice chairman; Doran Oler, regular member and Glenn Miller and Willard Wilson, alternate committeemen. Leo Benton is the area work conservationist.

Bothwell Hereford ranch, and Nora Technick, Arco; Orym, Arco; Dean and Ned Sanders, Thompson, Downey; Travis, In. Haggerty, Tim S. Shaw, Caldwell; Weiser; Perry Woodard, Ramey; Shupe-Hagyard, Ramey; Haggerty, O. W. Wagner, Nampa; and Wallace C. Taylor, Arco; John Linger brothers, Malta.

Small Loans Available in Lincoln Area

SHOSHONE, Feb. 19—A new program of small loans coupled with farm management assistance is now available to farm families with limited incomes in Lincoln county, Frank Dallas, county farmer, home administrator's supervisor, reports.

Loans up to \$2,500 are available to farm families who cannot obtain regular loan programs of the FFA or private lenders. Loans are repayable over periods of up to 15 years. They carry an interest rate of 4 1/2 per cent.

To qualify for loans to finance agriculture enterprises an applicant must be a farmer and have earnings that are too low to cover basic family living needs. In addition, he must be unable to obtain credit through other sources including regular loan programs of the FFA.

Additional information on loan programs under the economic opportunity act is available at the local FFA office, located in the booster building.

Maberly Cow At Rupert Has Good Record

RUPERT, Feb. 19—A registered Holstein owned by Thomas Maberly was top individual producer for January in the Dairy Herd Improvement association unit.

Fred Tolman is unit supervisor. The top herd in the unit was 13 grade Holsteins owned by Max Sunderland.

Tolman tested 11 herds numbering 34 cows, 265 of which were milking. Total pounds of milk produced was 278,433 and total pounds of butterfat was 11,024. The average pounds of milk produced per cow, including dry cows, was 906, and average pounds of butterfat per cow, including dry cows, was 360. A total of 126 cows in the unit produced 40 pounds or more butterfat.

Highest cows include Hattie, a registered Holstein owned by Maberly, produced 101 pounds of butterfat from 2,140 pounds of milk with a 4.7 test. Wanda, a registered Holstein owned by Red Lewis, produced 89 pounds of butterfat from 2,200 pounds of milk with a 4.5 test.

Bess, a grade Guernsey owned by J. V. Emery, produced 97 pounds of butterfat from 1,800 pounds of milk at a 5.7 test; Leona, a registered Holstein owned by Maberly, produced 81 pounds of butterfat from 1,790 pounds of milk at a 4.5 test, and Camie, a grade Holstein owned by Lyle Barton, produced 78 pounds of butterfat from 2,375 pounds of milk at a 3.4 test.

Mia, a registered Holstein owned by Louis Bott and sons, produced 73 pounds of butterfat from 2,290 pounds of milk at a 3.2 test and Tessie, a grade Hol-

BEEF PRODUCTS WINNERS, from left, Wayne Chandler, David Francis and James West, view trophy after winning the West Magic Valley district Future Farmers of America contest. The three students are from Wendell. (Times-News photo)

stein owned by Max Sunderland, produced 70 pounds of butterfat from 1,750 pounds of milk at a 4.0 test.

Highest herd averages in the association included a herd of 13 grade Holsteins owned by Max Sunderland, including dry cows, produced an average of 492 pounds of butterfat from an average of 1,256 pounds of milk.

A herd of 17 registered and grade Holsteins owned by Lyle Barton produced an average of 43.0 pounds of butterfat from an average of 1,221 pounds of milk.

Thomas Maberly's herd of 23 registered Holsteins produced an average of 41.0 pounds of butterfat from an average of 1,094

pounds of milk; 25 registered and grade Holsteins owned by Harold J. Nielsen, produced an average of 41 pounds of butterfat from an average of 1,078 pounds of milk; and the 20 grade and registered Holsteins owned by Forest Olson produced an average of 40 pounds of butterfat from an average of 1,018 pounds of milk.

Host School Gooding Wins Contest During FFA Event

GOODING, Feb. 19—Host school Gooding grabbed top honors in the meat identification contest, edging Jerome by one point.

The contest was one of three held here last week by the West Magic Valley Future Farmers of America district. Other contests were held in dairy products and cooperation.

Gooding team members Mitch Arkocsh and John Beltia scored 101 and 100 points respectively to take second and third high individual scoring to bring the team total to 204 points. Third member of the Gooding team was Byron Sorrell.

Leon Pielstick was high individual for Jerome with 114 points. Jerome took second place with 289 total points. Third in the contest was Hagerman high school with 168 points.

In the cooperation contest, Art Mills, Shoshone high school, won the event and will go on to compete at higher levels. The cooperation contest winner will receive a trip to the American Institute of Cooperation which is usually held on the campus of

one of the Eastern universities. Second in the contest was Mike Quenell, Twin Falls. In the dairy products contest, Wendell high school took first place honors by registering a low score of 138.5 points. Second place was won by Gooding high school with 149 points and Castelford high school took third with 151.5 points.

High individual for the contest was David Francis, Wendell.

PROPORTION CHANGES
WASHINGTON, Feb. 19—The proportion of U.S. farmers working off the farm today is four times greater than in 1934. Many hold down full-time industrial jobs and farm in their spare time.

Idaho Capital Is Hosting Cattle Feeders Convention

BOISE, Feb. 19 — Registrations for the Sixth Annual Meeting of the Idaho Cattle Feeders Association, scheduled this week, indicate attendance will exceed any previous convention, according to Henry Jones, Eden, General Chairman.

Jones pointed out that the outstanding list of experts in feed lot operations, assembled for the two day program are attracting feeders and cattlemen from throughout Idaho and most of the western states.

Appearing on the Friday morning portion of the sessions were John Carbone, Los Angeles, who introduced the "New Concept of Computer Bookkeeping Systems and Analysis of Feed Lot Ratios," which is now being investigated by many of the larger feeder operations.

The latest concepts in cattle research were reviewed by Dr. Jim Williamson, Director of Ohio Research, Ralston Purina Company, St. Louis, and by Dr. Irwin Dyer, Professor of Animal Sciences, Washington State University.

Most of the feeders will be entertained at their own program Friday.

Ed Arnold, association president, Caldwell, has announced that the Hawaiian Islands will be used to honor the 50th state, which is emerging as a recognized contributor to the beef industry in the United States. The feeders are planning an air tour to Hawaii later in the year to inspect some of the facilities being constructed in the Islands.

Speakers scheduled to appear during the Saturday sessions are Allen Sheppard, Idaho attorney general, Lytle Liggett, director of public relations, American National Cattleman's Association, and Dr. Ralph Durham, head of the animal husbandry department, Texas Technological College, Lubbock, Tex.

The annual banquet of the Association will be conducted Saturday night under the direction of Eugene O. Dorsey, associate publisher of the Statesman newspapers.

Following the dinner, dancing will be enjoyed for the remainder of the evening. Two popular singing groups, the Idaho Power "Chorale" and the Elk's Gleemen will entertain delegates during the course of the convention.

NK Meet

The annual Northrup-King bean grower appreciation night will be held Wednesday evening at the Rogerson hotel, announces Emery Chaffee, local manager. Social hour will start at 6:30 p.m., with the annual banquet scheduled later.

Chaffee urges all member bean grower producers to attend as J. E. Masie, company president, will be the main speaker.

BILL PROPOSED

WASHINGTON, Feb. 19 — The base rating bill was introduced in the house by Rep. W. R. Fougere Jan. 26. The proposal, H.R. 3609, calls for a base-excess plan under milk marketing orders, and utilizes language suggested by National Milk Producers Federation.

Bean Meet Attended by 125 Persons

An estimated 125 persons attended the annual Twin Falls county bean production meeting which was held Monday in the American Legion hall. Eventually the subject got around to blight and halo blight in beans, but there were two other subjects discussed before the balance of the day was devoted to blight.

University of Idaho experiment station Manager Marshall LeBaron discussed application of zinc on beans and other crops. This was followed by a talk on commercial application of fertilizer on beans by Olan Genn, assistant Twin Falls county agent.

Dr. Leslie Dean, University of Idaho plant breeder, leader of the discussion of Halo blight by presenting information concern-

ing the disease. His top was "Halo Blight: What Is It?" Jerome, county agent, W. C. Priest explained the activity and the program of Southern Idaho Bacterial Blight Control Association which is a cooperative pooling agreement for growers to curb losses from bean blight.

J. P. Smith, representing Bean Growers Warehouse Association, was the concluding speaker and discussed the attitude of the bean industry concerning halo blight.

Staffs Listed For 2 Area Farm Centers

The staffs have been completed at U. S. State's two new farm service centers at Paul and Hansen.

Leonard A. Winkler, Jr., unit manager of the Paul fertilizer distribution center, has appointed Robert D. Kerber, salesman, and Phil L. McIntire, plant supervisor. At the Hansen center, James T. Brown, unit manager, has named Gene C. Walker, salesman, and Elmer S. Wooten, plant supervisor.

Kerber, 27, is a 1964 graduate of Idaho State university, Logan, Utah. He received a BS degree in business and marketing. He has had considerable agricultural experience in his home area of Rupert. He lives with his family at Route 2, Rupert.

McIntire, 26, is a native of Kimberly and attended the College of Idaho. He served in the army. He has farmed for five years in the Hansen-Eden area and has operated a custom trucking concern. He, his wife, and three children live at 304 South 9 street, Rupert.

Walker, 44, has grown up in the Hansen area. He was graduated from the University of Idaho in 1956 with a BS degree in agriculture, specializing in animal husbandry. He has served in the Idaho army national guard. Prior to joining U. S. State, he ran a farm in Hansen. He and his wife, Eldora, live at Route 1, Hansen.

Wooten, 44, is also from Hansen and was graduated from Idaho State university in 1938. He served as a sergeant in the army infantry during World War II. He has farmed in the Eden area for several years. He and his wife, Betty, live at 304 Sixth street, north, Twin Falls. The couple has five children.

Construction of the USS Farm service centers is progressing on schedule. The Paul facility is expected to be completed first, during late February.

THESE SIX LAMBS were born to a range ewe during the peak of the lambing operations at the Glen Briggs Ranch east of Murtaugh. While the birth of quintuplets to a ewe is considered to be very rare, Kent Davis, sheep foreman at the ranch who has been associated with the sheep industry all his life, says that he has never heard of the birth of sextuplets. Two of the lambs have been

left with the ewe, two, one each, were given to ewes with single lambs born at about the same time and two will be raised as bums. A flock of 1,500 ewes are being lambing out at the Briggs ranch this year with a record tally showing 413 ewes with twin lambs and 230 with single lambs. This shows better than a 164 per cent crop to date.

Area Agent Explains Facts Concerning Fertilizer Use

Olan Genn, Twin Falls county agent in charge of soil management, says farmers in the area must know certain facts to properly use fertilizer recommendations made by the county agent's office and fertilizer dealers.

Genn pointed out items most often confused. For example, recommended rates of nitrogen and phosphorus are expressed in pounds of actual plant food. They are seldom written or ex-

pressed in any other manner.

He explained further that if a hundred pounds of phosphorus is recommended it actually means more than 200 pounds of treble superphosphate or if a hundred pounds of nitrogen is recommended it would mean a little less than 500 pounds of ammonium-sulphate per acre.

In order to carry out recommendations all farmers should become familiar with the many different forms of fertilizers both dry and liquid and know their percentages of plant foods. Many fertilizer materials contain only nitrogen or only phosphorus.

However, there are numerous fertilizers which contain both nitrogen and phosphorus, often potassium and some contain small amounts of trace elements such as zinc.

Once the percentage of plant foods is known a little simple arithmetic will determine the total amount to apply per acre to supply the desired amounts of plant foods.

Tables showing the percentages of plant foods in different fertilizer materials are available at the county agent's office and at most fertilizer dealers.

The term "pH" of the soil is often confused by thinking it is a reference to phosphate. Genn pointed out that pH refers to a chemical scale ranging from one to 14 which measures whether a soil is acid or basic and has no reference at all to phosphorus.

Organic matter content in a soil is sometimes puzzling when grain straw or alfalfa was recently plowed under and the organic matter content remains low, Genn said. Grain straw may be considered organic matter while a soil test does not measure straw as organic content.

The soil test measures only decomposed straw or true humus in the soil. Only organic in the true humus form affects the chemistry of the soil. This is why farmers try to rush the decomposition of straw, alfalfa roots and crowns and other crop residues.

The agent stated that many about fertilizers and soils upside down and backwards while others

Lincoln Asks Support for U. of I. Work

SHOSHONE, Feb. 19 — Members of the Lincoln County Marketing association will ask legislators for continued support of the University of Idaho agricultural extension service.

Officers announce final assignment date for the wool pool this year is March 10 with final delivery date May 21. The de-

livery date will be extended if necessary, according to Ivan Hopkins, county extension agent, and secretary for the association.

Wool charges will be handled the same as last year, as nearly as possible.

The association has voted to continue giving 4-H awards to the fair board.

Charles Pendleton and Forest Armstrong are new members of the sheep committee with Ed Sheer, and Rupert Onelda hold-over.

Members of the hog committee are Oscar Kerner, Ralph Riley, Jr., and Hyrum Meservy. M. E. McKendrick will be the director-at-large.

Officers for the association include Sheer, president; Mrs. Raymond Bernard, treasurer, and Hopkins as secretary.

A report of last year's activities was given by Mrs. Bernard at the annual meeting Thursday and a letter was read from M. C. Clark, secretary of the Idaho Woolgrowers association.

Signup for Changes in '65 Wheat Program Continues

The signing for the 1965 feed grain program, which concludes March 30, offers winter wheat growers an "open season" for changing their intended participation in the 1965 wheat program. Carl Boyd, chairman, Twin Falls county agricultural stabilization and conservation committee, said today.

The signup period now under way is the first conducted for growers of corn, barley and grain sorghum, under the 1965 feed grain diversion program.

The wheat program signup was conducted last fall, but it was announced at that time that growers who signed up then would have an opportunity to revise their intended participation during the feed grain signup period this spring. A winter wheat grower who signed up last fall now may revise the number of acres to be diverted or may rescind his agreement, but he does not have the option of signing up to overplant and store excess wheat.

A spring wheat grower who grows no winter wheat at all will be able to file wheat intentions during the spring signup period. March 26 will be the last day for filing revised intentions for taking part in the 1965 wheat and

feed grain diversion programs. The chairman reminded farmers that the program's substitution provision is available only if the participating growers sign up in both the feed grain and the wheat programs.

This provision enables growers to substitute wheat for feed grains or feed grains for wheat in qualifying for diversion payments, thereby providing program participants greater flexibility in farming operations. In this case, the rate of the available diversion payment would be based on the crop actually diverted into a conserving use.

Farmers who sign up and then meet provisions of the feed grain program may qualify for diversion payments, price - support loans, and domestic and export certificates, with a cash value, for as much as 80 per cent of the normal production of the allotment, provided it is planted.

clover Mite

Control

Given

Twin Falls county agent Don Youts reports that several have already been received by the county extension office re: clover mites. The tiny red insects, smaller than a head, are frequently a household pest in late winter and early spring.

Over mites breed and feed on grasses, clover and other plants around buildings, and on the walls and can be a nuisance any warm period.

Infestations of these mites in buildings can be reduced or prevented by thoroughly spraying the lower exterior walls, the eaves, and 10 to 20 feet of the lawn with Aramite, DDT, or Chlorobenzilate. If an lawn is infested, it is advised to treat it all.

Good outdoor control may also be achieved by applying a pound of four or five per cent malathion dust per 1,000 square feet or by drenching the area within 10 feet of the foundation with a 5 per cent malathion water-base spray.

Since great numbers of mites may feed in protected parts of plants and well down toward their bases, apply enough spray to penetrate the vegetative cover.

Repeated applications at two or three-week intervals may be required throughout the summer and fall to keep the mites under control. A regular lawn spraying or dusting program during this period will reduce mite populations and subsequent

migrations into homes.

"These materials can be purchased from your insecticide dealer," said Youts, "and always read the label and follow directions, since most insecticides used for mite control are poisonous to people and animals."

A bulletin, "Clover Mites," is available to the public at the county agent's office.

Jerome Cow Named All American

JEROME, Feb. 19 — Archie Malone, Jerome area dairyman, has been informed by the Holstein-Friesian World that his four year old registered Holstein, Inka, has been awarded All-American honors.

Malone was notified by the "World," a trade publication of the Holstein-Friesian association of the selection of Malone's cow. The cow is actually owned by Malone's daughter, Sharon, and she was recently notified that the cow had won Junior All-American honors.

For Malone it has been an uphill battle this year in securing honors for the cow. Malone says he has searched the records to see if any other Idaho cows have received All-American honors and thus far he can not find any record of an Idaho cow receiving this honor.

In recent competition Malone's cow defeated a cow which had upset the Waterloo, Ia., champion and this undoubtedly led to the selection of Inka as champion. Malone had tried to enter the Waterloo show, but it conflicted with a show where Malone was already entered in competition.

ALL-AMERICAN HONORS were conferred on Inka, a 4-year-old registered Holstein cow owned by Archie Malone, Jerome. Malone was notified by the Holstein-Friesian World, a trade magazine, in a telegram which Malone received earlier this week that his Holstein was honored.

New Color

WASHINGTON, Feb. 19 — It may not be long before you'll be able to match your living room carpeting with the mud or dust on your back yard, according to soil conservation service.

This, at least, is the idea of carpet manufacturers who have asked SCS for help in determining the general soil colors in different geographical regions of the U. S. Next step will be to weave the color of the predominant soil color right into the floor covering.

ing specialist, Paul Hansen, processor, William Davis, fresh shipper, J. Jordan, financial representative and Mel West, potato grower. West is also chairman of the Cassia and Minidoka potato committees.

Pridmore's Cows Take Herd Honors

RICHFIELD, Feb. 19 — Harold Pridmore continues to hold the top herd position for the Richfield Dairy Herd Improvement association.

His herd average record for January was 1,301 pounds of milk and 44.5 pounds of butterfat. Others with more than 60 pounds production averages were Freddy, 60.0, and Joe, 61.2, owned by Crothers; No. 14, 61.1, No. 21, 61.1, owned by Wolverton; No. 23, 61.5, No. 27, 73.9, owned by A. J. Johnson and sons; Sally, 60.5, Elizabeth, 61.3, owned by Grant Stevens; Beauty, 72.9, Tiny, 60.8, and Buttercup, 65.9 owned by Freeman.

Pridmore's other cows on the high production list were 7 Up, 67.0; Candy, 60.3; Cal, 67.9; Queen, 65.6; Bev, 64.7; Red, 64.4; Blue 60.1; and Robin, 60.2.

The February DHIA meeting was held at the Pridmore ranch.

fat production were F. M. Crowther's Corny with 63.5; Pridmore's Babe, 61.5; and Roger Freeman's Jill, 75.2.

Others with more than 60 pounds production averages were Freddy, 60.0, and Joe, 61.2, owned by Crothers; No. 14, 61.1, No. 21, 61.1, owned by Wolverton; No. 23, 61.5, No. 27, 73.9, owned by A. J. Johnson and sons; Sally, 60.5, Elizabeth, 61.3, owned by Grant Stevens; Beauty, 72.9, Tiny, 60.8, and Buttercup, 65.9 owned by Freeman.

TELEVISION SCHEDULES

FRIDAY, FEB. 19
"Bob Hope Comedy Special." (7:30 p.m. NBC) — Guests include actress Carol Baker, singer Jack Jones, Louis Prima and singer Gila Majoie (Mrs. Prima), Sam Butera and the Witnesses, and Johnny Carson. In a sketch, Carol will be featured as "The Woman from AUNT," a take-off on one of this year's hit TV shows.
"Who Has Seen the Wind?" (Special, 8:30 p.m. KCPX) — Second in a series of special drama about the United Nations. This one concerns refugees aboard a freighter who have no country to call their own. The cast includes Maria Schell, Edward G. Robinson, Stanley Baker, Theodore Bikel, Gypsy Rose Lee, Victor Jory, Simon Oakland and Veronica Cartwright.
"The Jack Parr Show." (Color, 9 p.m. NBC) — Guests include singers Steve Lawrence and Eydie Gorme.

BEST FRIDAY NIGHT MOVIES
"The Girl Most Likely." (1957) Jane Powell and Cliff Robertson (10:40 p.m. KMYT) — Entertaining little musical-comedy about a girl who theorizes that it's just about as easy to fall in love with a wealthy guy as a poor one. The plot isn't much, but it doesn't get in the way of Jane's songs.
"The Bachelor and the Bobby-Soxer." (1947) Cary Grant, Myrna Loy and Shirley Temple (11:30 p.m. KBOI) — Dashing eligible male is played by a teen-ager who has a crush on him. Sprightly, often hilarious comedy.
"Claudia and David." (1948) Dorothy McGuire and Robert Young (Midnight, KUTV) — Not as delightful as an earlier flicker, to which this is a sequel, but the story about a couple and their baby living in suburban Connecticut is easy to take and is entertaining.

FRIDAY, FEBRUARY 19, 1965

Information below is given the Times-News by stations and "TBA" indicates program is To Be Announced. (Note: questions should be directed to the station concerned.)

Twin Falls SCD Places In Contest

PORTLAND, Feb. 19—Harris Conservation District, Roseburg, Ore., was declared the first-place winner in the annual news-clip contest for the SCD's sponsored by the Farm and Industrial Equipment Association of Soil and Water Conservation Districts. Twin Falls Soil Conservation district placed second in area seven. Chairman William J. Klein, district's soil and water conservation committee, announced results of the annual contest at the annual convention of the SCD, which was held at the Portland Hilton hotel. First prize was \$500. Twin Falls district won \$200. Second place national winner was Lafayette SCD, Mayo, Ore., and third place, Wapello SCD, Otumwa, Ia. An award of \$100 goes to each of seven SCD's placing first in their areas. Southern Umatilla SCD, Pendleton, Ore., won area seven with Twin Falls placing second.

SECOND PLACE honors are examined by Glen Nelson, right, and Ellis Fuller. The Twin Falls soil conservation district won second place in area seven in the newsletter contest. Twin Falls

Strong Protest Voiced Concerning Cut of Soil Technical Assistance

By G. H. CHAMBERS
The proposed cut of technical assistance furnished by the soil conservation service met with strong protests during the annual convention of the National Association of Soil Conservation Districts, which recently concluded in Portland, Ore. Glenn Nelson, chairman of the Idaho Soil Conservation District, and area chairman, was one of the many who voiced his protest. Nelson is chairman of the Twin Falls district, and is also state and area chairman. The cut was proposed by President Lyndon B. Johnson and would reduce some 20 million dollars. The proposal was to end the technical aid now furnished free of charge to farmers who are required to pay for this cost. The national association passed a resolution against the proposed cut. According to the resolution, the proposed cut, if adopted, would be a policy of 30 years standing. It could mean the end of the great conservation program begun in the 30's to end waste of water and soil and conserve many for future use and protection.

Idaho already is lagging behind many states in soil conservation work. Many Midwestern states provide funds on the state and local level to boost soil conservation work. Many states have staffs and staffs much larger than those in Idaho. Nelson said it would be hard to compete with states of Idaho and Twin Falls county providing tax money for soil conservation work. Nelson said the cut would mean the end of the great conservation program begun in the 30's to end waste of water and soil and conserve many for future use and protection. Nelson was referring to the proposal that local governments throughout the United States put the 20 million dollars in a revolving fund. In a sense this would make bill collectors out of the district supervisors. Many who districts have trouble finding supervisors without having to make bill collectors of them, he said. The hardest hit farmer would be the poor farmer who could not afford to hire engineering help, said Nelson. In fact, he said, engineering costs account for 20 per cent of the total cost, he added. With the existing program the conservation service provides technical assistance to the farmer. The service provides funds for projects, nor does the service control any land use.

For example, a farmer desiring to improve an irrigation system would approach the service in several ways. He can request a manual farm plan where the soil conservation service will aid and design an irrigation system. Usually the program will have a survey, such as uniform length irrigation runs, standard size wheel, checks to control water flow and in many cases the service will recommend pipelines or concrete ditches. In practically every case, the farmer will conserve roughly 25

Dioldrin

Last year the registration for the use of Dioldrin on alfalfa was withdrawn by the USDA according to Donald Youitz, Twin Falls county agent. The registration has not yet been restored, and therefore Dioldrin is not recommended for early spring control of the adult alfalfa weevil.
"There are insecticides," said Youitz, "that are registered for the control of the larvae of the alfalfa weevil later in the season."
Youitz said that "until Dioldrin is reestablished for use on alfalfa, we have no recommendations for spring control of the adult alfalfa weevil."

New England Is Disease Leader

WASHINGTON, Feb. 19—New England leads the nation in the fight against brucellosis, it was affirmed this month with Connecticut, newly named to brucellosis-free ranks. The state was the fourth in New England and fifth in the nation to attain the goal in the cooperative state-federal campaign to eradicate the costly livestock disease. New Hampshire was the first state certified free.

To achieve a brucellosis-free status, a state must test all herds within the 18 months preceding certification. Any herd in which brucellosis is found must be retested and determined free of the disease. In addition, brucellosis must not be known to exist in any other domestic animals on the premises.
The resolution as adopted by the national association points out that the program would charge the American farmer for technical assistance which the federal government furnishes free to foreign nations.
In 1964 more than a million co-operators participated in the program which provided technical assistance with converted 2,500,000 acres of land from crop use to less intensive use.
There are more than 5,000 farmers in the Great Plains program alone who are on waiting lists for technical assistance, and it was expected that 25 new soil and water conservation districts would be organized during 1968.
More than 1,200 communities are on the waiting list for planning assistance in watershed programs.
Nelson pointed out that much

Murtaugh Lamb Boasts Same Operation as Movie Star

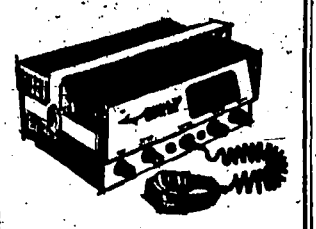

By MRS. JOHN SILVERS
MURTAUGH, Feb. 12—Shades of Elizabeth Taylor!!! Meet Stomper, who can proudly display the scars of his tracheotomy, just the same as Liz.
A series of events which began last week resulted in the operation being performed by a local veterinarian in a last-minute effort to save the life of the month-old lamb which is the offspring of a 1963 4-H breeding ewe project owned by Wilma Silvers.

The lamb, found in his pen early Thursday morning, seemed to be having difficulty breathing and was choking. It was first thought that some object had become lodged in his throat.
When first taken to the veterinary hospital he was found to have a temperature and the ailment was diagnosed as severe laryngitis for which antibiotics were administered. As his breathing became more difficult during the afternoon it became evident that the lamb would soon die if something drastic wasn't done for him.

Knowing that it wasn't feasible or practical to perform surgery on such a small domestic animal didn't stop the veterinarian from making the effort.
The result is that Stomper is back with his mother and apparently doing very well, although the ewe wasn't at all sure that the lamb returned to her care was hers since he carried all the medicinal odors of the veterinary hospital on him. Stomper soon convinced her that he belonged.

Network Bought Yankees as Good Investment Only

WASHINGTON, Feb. 19 (AP) — Dr. Frank Stanton, Columbia Broadcasting System president, said Thursday CBS bought the New York Yankees because it was a good investment, not to gain unfair advantage over rivals in bidding for baseball broadcasts.

Yankee Chief Says Winning Hurts Gate

WASHINGTON, Feb. 19 (AP) — Dan Topping, president of the New York Yankees, said Thursday he wished his team wouldn't win its American league pennant so easily. It hurts attendance.

Testifying before the senate antitrust and monopoly subcommittee, Topping said:

"We have won 13 of the last 15 years and our gate receipts are high but we need not only television but gate receipts, and attendance has been falling off."

The Yankees have lost first place in hometown attendance to the Mets, the National League tail-enders.

"The races in the American league haven't been very good in recent years," Topping added. "I don't believe in breaking up the Yankees, but I'd be in favor of having five or six teams like the Yankees in the league."

Topping thought a minute, then added, "Maybe not quite as good as the Yankees, but good enough to have a race."

The senate group is holding hearings on the sale of the Yankees to the Columbia Broadcasting System.

"Fix" Netted Thousands, Paper Claims

CHICAGO, Feb. 19 (AP) — Crime syndicate bosses in Chicago collected thousands of dollars in a betting coup engineered through the "fix" of a Seattle-University of Utah basketball game, the Chicago Sun-Times reported Thursday night.

The newspaper said the bonanza reaped in the coup was held down by suspicions of bookmakers here. It said the bookmakers, fearful that a fix was being engineered, stopped taking wagers on the Jan. 22 game.

FBI agent-in-charge Marlin W. Johnson refused to comment on reports that agents were seeking several persons in the Chicago area for questioning in connection with the alleged fix attempt.

Chicago tavern owner Leo Casale, 24, accused of conspiring with two Seattle players to control the point spread in the game, was released on a \$25,000 personal recognizance bond.

Casale, a former senior class president and basketball player at Roman Catholic high school here, told reporters: "I am innocent."

U. S. Commissioner C. S. Bentley Pike expressed surprise at the government's request for \$25,000 bond and commented, "They're trying to put his crime in the category of bank robbery."

Pike went along with the \$25,000 figure but permitted Casale to sign his own bond.

Lakers Collect Fourth in Row

PHILADELPHIA, Feb. 19 (AP) — Elgin Baylor hit for 34 points and Dick Barnett collected 30 to lead the Los Angeles Lakers to a 117-110 victory over the Philadelphia 76ers Thursday night.

It was the Lakers' fourth straight victory and the 76ers' third straight loss, despite 40 points by Wilt Chamberlain.

The Lakers wiped out a 61-58 Philadelphia halftime lead with 12 straight points in the first two and one-half minutes of the third period to take a 70-61 lead they never lost.

WHIPS WICHITA
TULSA, Okla., Feb. 19 (AP) — Tulsa grabbed the lead after less than four minutes of play and never let it go to trip 10th-ranked Wichita 75-64 Thursday night.

SURROUNDED BUT NOT STOPPED, Mickey Dittbrandt (11), Utah State, fights his way out of a cordon of Denver university players during action Thursday night. Playing his first game since the death of all-America Wayne Estes, Utah State sneaked away with a 67-66 victory. (AP wirephoto)

Howard Wants to Be First Negro Manager

NEW YORK, Feb. 19 (AP) — Elston Howard, the highest-salaried catcher in baseball history at a reported \$70,000 a year, said Thursday he has long-range ambitions to become the first Negro manager in the big leagues with the New York Yankees. He made his hopes known when he signed his 1965 contract. "I think I should be able to play for five more years," said Howard, who will be 35 next Tuesday. "When I get to the point where I have lost a little of my reflexes and can't get around on the fast ball, I'd like to stay in the Yankee organization as a coach."

"If some day the manager's job was offered to me, I would accept and try my best to become successful as the first Negro manager."

"But I haven't lost anything yet. I feel I can go on catching as many years as Johnny Keane wants. If he wants me to catch I'll be in there every day. I might even double in doubleheaders. It makes no difference to me. I am getting old but I figure to go for five more years as a player."

Asked if he was getting \$68,000, Howard said, "A little more." As a result the ceiling became \$70,000 — about \$10,000 over what he got last year and more than any other catcher ever got. Yogi Berra's top salary was believed around \$60,000.

Howard was third among American league hitters at 313 last season, with 15 homeruns and 84 runs batted in, and he appeared in 150 games. He led the catchers in fielding at .998.

Howard's batting average was 28 points higher than in 1963, when he was the league's most valuable player, but he hit 28 homeruns that season.

"I think Johnny Keane is going to do a real good job with our ball club," said Howard. "I've known him a long time, since the days when I played with the old Yankee farm at Kansas City in the American association and Keane managed Columbus."

"I used to be swinging from the rear end all the time," said Howard. "Now I try to hit to right field more. We've got Mickey Mantle and Roger Maris to hit the homeruns. I think if I average 300 I, help the club more than if I hit 30 homeruns."

Patriots Show First Profits

BOSTON, Feb. 19 (AP) — The Boston Patriots of the American Football league showed a profit for the first time in the team's five-year existence, team treasurer Edgar L. Turner reported Thursday.

Turner told the annual stockholders meeting the club had a \$102,289 profit for the fiscal year ending Dec. 31, 1964.

Seek Negro Star

DALLAS, Feb. 19 (AP) — The Dallas Times Herald said Thursday five of the eight southwest conference schools are attempting to recruit a Negro high school basketball star.

The Times Herald quoted Robert Hughes, coach of I. M. Terrell high school of Fort Worth, as saying all conference schools except Southern Methodist, Rice and Arkansas had apparently made scholarship offers to James Cash, 6 foot, 5 inch 17-year-old star of Terrell.

Ulcers Heal, Shofner May Play Again

NEW YORK, Feb. 19 (AP) — Del Shofner has informed the New York Giants that he is 99 per cent sure he will be back with the club next season.

Don Smith, the Giants' public relations director, said Shofner had called from San Marino, Calif., with the word that his ulcer condition has responded to treatment and that he has regained most of the weight he lost.

"When Del went home before the end of the season he weighed only 160 pounds," said Smith. "Now he weighs 182. That is almost up to par because he plays at 185 to 190. He has been on a very strict diet."

"Del has been disturbed by reports that his wife did not want him to continue his football career. He said both he and his wife are hopeful that he can play. He has definite plans to come back."

Players Plead Innocent To Charges of Shaving Points in Idaho Contest

SEATTLE, Feb. 19 (UPI)—Two Seattle university basketball players accused of conspiring to influence the point spread in a basketball game will plead innocent when they come up for preliminary hearing March 1. Utility guard Peller Phillips, 21, Detroit, told newsmen Thursday that he doesn't feel guilty of any wrongdoing and would plead innocent. Jack Tanner, a attorney retained to represent Seattle's ace

RELEASED ON BOND, Leo Casale, 24, Chicago tavern operator, is shown in the Chicago federal building after being arraigned on charges growing out of a basketball point-shaving scandal involving three Seattle university players. Casale was released under \$25,000 bond and arraignment continued to Feb. 21. (AP Wirephoto)

Fight Tonight

SEATTLE, Feb. 19—Magic Valley Boxing club will meet tonight in a boxing match at the Magic Valley arena. The main event is a nine-round amateur boxing match beginning at 8 p.m. today at the Peller gymnasium. Boxers from five area towns will carry the Magic Valley banner.

Miami Nears Collegiate Score Record

NEW YORK, Feb. 19 (AP)—The Miami Hurricanes are moving swiftly toward a major-league basketball scoring record, the latest statistics compiled by the NCAA service bureau show Thursday.

The Hurricanes crushed Tennessee 141-110 and Loyola of Louisiana 115-86 last week, boosting their average to 96.7 points a game. The record is 96.1 set last season by Detroit.

Duke is the runner-up with 95.9 points a game, followed by Brigham Young 94.5, Indiana 91.7 and Boston College 91.6.

New Mexico continues to have a top defense mark, 50.4 on a scale of 1,000 points in 20 games. Oklahoma State is second with 51.1.

In the individual competition, Jack Barry of Miami remained the leader with a 37.2 average, 821 points in 22 games.

Wayne Estes of Utah State compiled a 33.7 average before he was killed Feb. 10 when he was hit into a high voltage wire.

Bill Bradley of Princeton is tied with 31.1. Then come Dave Bellhouse, Purdue, 29.2 and Dave Thomas Xavier of Ohio.

Steve Banko of California moved from ninth place to first three throw accuracy. He hit 19 in last week for a season mark of .6914. Rutgers' Lloyd is next with .8909.

Gooding Edges Jerome to Gain Journey Finals

PORTLAND, Feb. 19 — Gooding's team tanked a shot from the key with nine seconds left to send Gooding past Jerome 24-24 and into the finals of the eighth grade basketball tournament Thursday night.

Gooding will meet Buhl at 7 p.m. Friday for the championship while the two Twin Falls teams will meet at 5:30 p.m.

The Gooding win was a thrilling 24-23 with 20 seconds to go. Jerome got life when Gooding clutched through a free throw situation. Gooding mapped out a strategy during a time out.

Let Oakley who got the shot. But Jerome had one shot before losing.

Jerome led Gooding with 13 points. Oakley had 10. Crest topped Jerome with eight.

Gooding getting 15 points from the court. Valley 38-20 in action play. Ritchie again Valley with 11 points.

Nau Doubts "Fix" Ever Reached ISU

POCATELLO, Feb. 19 (AP)—The Seattle university basketball team, two of whose players were charged with bribery conspiracy Wednesday night, has defeated Idaho State university by one point twice in the past two years.

But Bengal coach Jim Nau said he doesn't believe there was any dishonesty in the games.

"I don't think anything in our games was dishonest," said Nau. "It's kind of ironic because Williams hit the winning point when they beat us here by one. It was just a repeat of last year's game."

The Chieftains topped the Bengals, 83-32, in Pocatello in the 1963-64 season.

Seattle beat ISU 75-74 in the Jan. 4, 1965, game to which Nau referred. Seattle won by 18 points a game played Feb. 5 against the Bengals.

Westcott Takes Overtime Victory

Pat O'Donnell swished a short jump shot with seven seconds left in an overtime Thursday night to give Westcott Oil a 51-49 victory over Valley Nursing Home in the city basketball tournament.

O'Donnell ended with 25 points, three more than Valley's Dale Schneider.

In the B tournament, the Times-News gained the final with a 36-29 victory over Sherwood's Sport Center. Stan Myers tanked 10 for the winners, but Sherwood's Dale Williams took scoring honors with 11.

Faux Cigar store, getting 10 points from Nick Fischer, dropped Dean's 49-40. Ted Ted had 18 for Debra.

Don Walkup tanked 11 and Magic Music stopped Twin Falls recreation department 29-18. Richard Counts had seven for the losers.

NFL Expects Better College Relationship

PALM DESERT, Calif., Feb. 19 (AP)—Relations between college coaches and the National Football league will be "better than ever now that the air has been cleared." Head coach Joe Kuharich of the Philadelphia Eagles expressed this opinion Thursday as the NFL continued its winter meeting.

Charles Cops Early Lead in Tucson Open

TUCSON, Ariz., Feb. 19 (AP)—Lefty Bob Charles, a last-minute entry, shot a seven-under-par 63 Thursday to take a one-stroke lead in the first round of the \$46,000 Tucson open golf tournament.

Charles, who entered the tournament five minutes before the deadline, held the slim advantage over Frank Beard.

Paul Bondeson was two strokes behind at 67 and seven others were tied at 68.

Darkness halted play with nine golfers still on the course, but none was in a position to offer an immediate challenge to the leaders. Those still out will complete their first round before regular play begins Friday.

Charles, a 28-year-old New Zealander, signed up for the Tucson event on a hunch. He said he was tired after six straight weeks on the tour, but added, "My game was in good shape and I didn't have anywhere to go, so I decided I might as well come down here as take the week off."

"The only bigger greens I've ever seen are at St. Andrews in Scotland," said Charles. "Charles had seven birdies, no bogeys and hit every green in regulation. He played the back nine first in 34, then came on with a 31 on the front."

Beard, 25, of Louisville, also hit every green. He had six birdies and no bogeys.

Tied at 68 were the top overall money winners on the tour this year, Bill Casper, Tom Shaw, Dave Marr, Dave Stockton, Tony Lema, Ken Sill and Harold Kneec.

Lema was six under par after 16 holes, but bogeyed the final two to drop into the 68 bracket.

Veteran Doug Sanders withdrew from the tourney when notified of the death of his father, O. L. Sanders, 63, in his hometown, Cedartown, Ga. Sanders shot a first round 71.

Celtics Crush Hawks 119-109

PROVIDENCE, R.I., Feb. 19 (AP)—Sam Jones staggered St. Louis with 18 points in the first period. Veteran Doug Sanders withdrew from the tourney when notified of the death of his father, O. L. Sanders, 63, in his hometown, Cedartown, Ga. Sanders shot a first round 71.

The victory, Boston's 53rd in 65 starts, pulled the Celtics 12 full games ahead of closest rival Cincinnati and a notch closer to their ninth straight Eastern division crown.

Jones' early barrage fired Boston to a 39-30 lead from which St. Louis, operating minus disabled Bob Pettit, never quite recovered.

A "master fixer" in a case involving 47 players and 27 colleges.

Jerome Opens Drive for Lighted Park

JEROME, Feb. 19—A drive to install lighting facilities for night baseball games is underway in Jerome with boys of all ages to benefit from the improvements.

Charles Bubak, who is helping to head up the fund drive, said the combined efforts of the Little and Pony leagues plus the American Legion baseball program will use the new diamond if it becomes a reality.

He said the county has provided the site at the fairgrounds and some tree cutting and other improvements will be required along with the lights.

The growth and interest in the younger boys' competition is basically responsible for the park's need, but Bubak noted it also would prove a boon to the Legion program.

"Most of the Legion boys have to work until 5 or 6 o'clock," he noted. "That makes it difficult to get 15 games starting early enough to beat nightfall."

He added the fund started with \$600 and another \$300 has been collected in solicitations.

The idea of splitting the nation into four-team zones, with a scout in charge of each zone, would give us a complete file on every football player in the country," Kuharich observed.

"Each club, of course, would have its own supplemental scouting system," the coach continued adding, "I expect more cooperation than ever from the college coaches now that the air has been cleared."

Neither coach said they favored any change in importance in the present playing rules. Parker does advocate a proposal to reduce the penalty for grabbing a player's face mask from 15 yards to five. He said the 15 yards is too harsh for what has become an almost common infraction.

George Halas, coach and owner of the Chicago Bears, has vigorously opposed a reduction of this penalty.

Parker and the Eagle coach also said they do not favor rule change that would permit punts and missed field goals to be run out of the end zone.

The two coaches also declined to get into a discussion of exhibition games between the NFL and the American Football league.

Magic Valley Has 33-Game Home Slate

Magic Valley Cowboys' home schedule for the 1965 season was announced Thursday night by club president Carl Berg.

The league will open June 19 with Magic Valley at Idaho Falls and the Cowboys make their first home appearance June 24 against Pocatello. The season ends Aug. 29.

The home schedule includes June 24 through 27, Pocatello at Magic Valley; July 4 through 7, Idaho Falls at Magic Valley; July 11 through 13, Caldwell at Magic Valley; July 17 through 20, Pocatello at Magic Valley; July 24 through 26, Idaho Falls at Magic Valley; Aug. 3 through 6, Caldwell at Magic Valley; Aug. 12 through 14, Pocatello at Magic Valley; Aug. 18 through 21, Idaho Falls at Magic Valley; and Aug. 22 through 25, Caldwell at Magic Valley.

Again the Pioneer league will play a 66-game schedule. Although the Cowboys do not open

Bell Named Track Coach for Cal

BERKELEY, Calif., Feb. 19 (AP)—Stan Bell, Oregon State, was named Thursday as head track and field coach at the University of California effective July 1.

He succeeds Brutus Hamilton, the former Olympic head coach, who reaches retirement age after being at California since 1932.

Bell, who competed in track and football at Doane college in Crete, Neb., has been head track coach at Oregon State since 1959. He also was head coach of the United States men's team, which decisively defeated the Russians in their dual meet at Los Angeles last summer.

or close at home, local officials were happy to have a home contest on July 4, consistently the franchise's best crowd attraction.

16 great big, great looking, great going wagons from Plymouth.

Fury III 4-door Wagon

Six '65 Fury Wagons

In 6- or 9-passenger models, the '65 Fury wagon is about the biggest, plushiest wagon you've ever seen. And still solidly in the low-priced field.

Belvedere II 4-door Wagon

Six '65 Belvedere Wagons

Belvedere is another complete line of Plymouth wagons for 1965. For the young family on a young family's budget, Belvedere is about the best wagon buy there is.

Valiant 200 4-door Wagon

Four '65 Valiant Wagons

Plymouth presents a third complete line of 1965 wagons, the compact size Valiant wagons. So why a compact wagon? For the same basic compact benefits that every '65 Valiant delivers: low price, gas economy, easy handling, convenient parking.

Series:	Overall length:	Prices start at:
Fury (6 models)	216.1"	\$2776
Belvedere (6 models)	208.5"	\$2562
Valiant (4 models)	188.8"	\$2361

Prices based on Manufacturer's Suggested Retail Prices for lowest priced Fury I, Belvedere I, and Valiant 100 6-cylinder models, exclusive of destination charges, state and local taxes, if any, wheelcover, wheel covers, backup lights, roof rack, and other optional equipment.

See Plymouth in action on The Bob Hope Show, NBC-TV.

Johnny Aladdin Introduces For The First Time In Show Business History

SAI MIN JUTSO

(HYPNO-JUDO)

It's New....!

Johnny Aladdin and Taki

NOW FEATURED IN
CACTUS PETE'S

"FAR EAST FROLICS"

Introducing Johnny Aladdin . . . master of the Japanese Hypno-Judo act called Sai Min Jutso. Recently featured in such famous night clubs as Mikado in Tokyo, Paramount in Hong Kong, the Starlite in Bangkok, the Crescendo in Hollywood . . . Star of a recent Steve Allen Show. Command Performances before the Emperor of Japan, the King and Queen of Thailand.

There is no explanation as to how Johnny manages to stick the audience participant's hands to his hand, but he does. They cannot pull away. Then he sticks their hands to the floor and he walks away from them. One person usually ends up stuck to the wall! Aladdin clasps his hands together and their feet fly out and they find themselves sitting stuck fast to the floor!

EVERY WEEKEND IS A SPECIAL OCCASION WHEN
YOU DINE OUT AT CACTUS PETE'S

FRIDAY NIGHT BUFFET

Fresh Seafoods prepared by our master chef.
Salads, desserts, coffee, milk, tea.

ALL YOU CAN EAT

2⁵⁰

SATURDAY NIGHT BUFFET
